Draft Framework for the Law as it Affects Older Adults

SHARE YOUR FEEDBACK

The Law Commission of Ontario (LCO) is interested in your comments on our *Draft Framework for the Law as it Affects Older Adults*. We are hoping to hear from all those individuals and organizations who may either use or be affected by the *Draft Framework*, including policy-makers, community organizations, service-providers and older adults themselves.

We hope that you can tell us:

- Whether the principles on which the *Draft Framework* is based are meaningful, and can help improve the laws as they affect older persons;
- What you would like legislators and policy-makers to understand about the circumstances and experiences of older persons when they are making or implementing laws or policies;
- What policies or practices could be put into place to make it easier for older persons to access and enforce their legal rights; and
- Any suggestions for making the framework easier to use or more effective.

If you want more information about the *Draft Framework*, you can refer to the accompanying *Interim Report*, which is available online at www.lco-cdo.org

We will protect the confidentiality of the information that you send us, in accordance with our *Commitment to Confidentiality*.
